

Ross GH. History and clinical presentation of the chemically sensitive patient. Toxicology and Industrial Health 8: 21-28.

Joffres MR, Sampalli T, Fox RA. Physiologic and symptomatic responses to low-level substances in individuals with and without chemical sensitivities: a randomized controlled blinded pilot booth study. Environ Health Perspect. 2005 Sep;113(9):1178-83.

Meggs WJ. Neurogenic inflammation and sensitivity to environmental chemicals. Environ Health Perspect. 1993 Aug;101(3):234-8. “A particularly striking finding was focal areas of blanched mucosa that surrounded a prominent vessel. These results suggest that nasal pathology may be a prominent feature of this disorder.”

Pall ML. NMDA sensitization and stimulation by peroxynitrite, nitric oxide, and organic solvents as the mechanism of chemical sensitivity in multiple chemical sensitivity. FASEB J. 2002 Sep;16(11):1407-17.
